

# URINARY TRACT INFECTION (UTI)

**ellura**<sup>®</sup>  
36 mg PAC (proanthocyanidin)<sup>SPC132</sup>

**Blocks Bacteria that Causes UTIs**

**Harmful Bacteria**

**PAC (proanthocyanidins)**

**Urinary Tract Wall**

The powerful **36 mg PAC** in ellura attach to UTI-causing bacteria so they can't attach to you. Instead, the bad bacteria are flushed out with your urine.
